

ALPHY SAM RONI

Machine Learning Engineer · Data Scientist · AI Developer

+91 9605462279 · alphysamrony@gmail.com · alphyportfolio.vercel.app · LinkedIn · GitHub

PROFESSIONAL SUMMARY

Motivated BCA student with hands-on internship experience in Machine Learning and AI at NextGenPro Innovation & Edupark Pvt. Ltd. Proven ability to build end-to-end AI systems — from computer vision pipelines and deep learning classifiers to NLP chatbots and multimodal assistants. Proficient in Python, TensorFlow, PyTorch, and Scikit-Learn. Google-certified AI Professional with expertise spanning AI Fundamentals, Brainstorming, Research, Communication, Content Creation, Data Analysis, and App Building. Passionate about applying data-driven solutions to real-world problems and eager to contribute to innovative engineering teams.

INTERNSHIP EXPERIENCE

Machine Learning Intern	April 2026 – June 2026
<i>NextGenPro Innovation & Edupark Pvt. Ltd. · Ernakulam, Kerala</i>	
- Designed and trained classification models using Random Forest & SVM with real-world business datasets, achieving measurable accuracy improvements through feature engineering and hyperparameter tuning. - Performed end-to-end data preprocessing & feature engineering — handling missing values, encoding, scaling, and dimensionality reduction — improving model performance across multiple datasets. - Applied model evaluation techniques (cross-validation, confusion matrix, ROC-AUC) to validate and compare algorithm performance in production-ready workflows. - Collaborated in an agile team environment with mentors on AI and Data Science research projects, strengthening understanding of ML lifecycle management.	

EDUCATION

Bachelor of Computer Applications (BCA)	2024 – 2028
<i>St. Thomas College, Thavalappara, Konni · Mahatma Gandhi University, Kottayam</i>	
Higher Secondary Education (CBSE)	Year of Passing: 2024
<i>Holy Angels Model School, Pathanamthitta</i>	

CERTIFICATIONS & PROFESSIONAL DEVELOPMENT

Gemini Certified Student — University	September 17, 2026
<i>Google for Education</i>	
Demonstrated the knowledge, skills, and basic competencies needed to use Google AI. Certificate valid through September 17, 2029.	
Introduction to Data Science	September 15, 2026
<i>Cisco Networking Academy</i>	
Achieved student-level credential; able to explain the promises and challenges of data analytics, the role of data in AI and Machine Learning, and career options in Data Analytics.	
GenAI Powered Data Analytics Job Simulation	September 13, 2026
<i>Tata · issued via Forage</i>	
Completed practical tasks in exploratory data analysis and risk profiling, predicting delinquency with AI, business report and data storytelling for collections strategy, and implementing an AI-driven collections strategy (September 2026).	
Google AI Professional Certificate	June 28, 2026
<i>Google / Coursera</i>	
- Completed 7-course program; built 20+ AI artifacts and a custom AI solution (vibe-coded). Proficient in effective prompting, output evaluation, and responsible AI usage for real workplace challenges. - AI Fundamentals · AI for Brainstorming and Planning · AI for Research and Insights · AI for Writing and Communicating · AI for Content Creation · AI for Data Analysis · AI for App Building	
AWS Certified Machine Learning Engineer – Associate (MLA-C01)	June 27, 2026
<i>Amazon Web Services</i>	
Domain 2 Review completion certificate; covers ML engineering practices on AWS cloud infrastructure.	
AWS Training & Certification — Foundations of Prompt Engineering	July 03, 2026
Completion certificate covering core principles and best practices of prompt engineering for AI systems.	
Data Analytics Job Simulation	July 9, 2026
<i>Deloitte · issued via Forage</i>	
Completed practical tasks in data analysis and forensic technology as part of a Deloitte-designed job simulation program (June–July 2026).	
Artificial Intelligence Certification (6 Months)	2024

PROJECTS

Catty — Multimodal AI Assistant

Streamlit · Gemini 2.5 Flash · YOLOv8 · OpenCV · PyTorch · SQLite · SpeechRecognition

- Architected a browser-based multimodal assistant supporting text, image, and voice interactions with a glassmorphism UI powered by Three.js animations.
- Integrated Google Gemini 2.5 Flash for conversational AI and Visual Question Answering via Salesforce BLIP, enabling rich cross-modal understanding.
- Implemented real-time object detection (YOLOv8) and image quality analysis (OpenCV); managed multi-session chat history with SQLite.

Vehicle Detection System

Python · YOLOv8 · PyTorch · Google Colab

- Built a real-time vehicle detection pipeline using YOLO; trained and evaluated on traffic datasets achieving accurate identification in images and video streams.
- Optimised inference speed for near-real-time processing, demonstrating strong computer vision and model deployment skills.

Animal Classification System

Python · TensorFlow · CNN · Deep Learning

- Designed a CNN-based image classifier to categorise multiple animal species; performed data augmentation, preprocessing, training, and evaluation using TensorFlow.

Simple Medical Chatbot

Python · NLP · NLTK · Scikit-Learn · Pandas · NumPy

- Developed an NLP-based chatbot for common healthcare queries, implementing text preprocessing, intent recognition, and automated conversational responses.

Face Detection System

Python · OpenCV · Haar Cascade · NumPy

- Built a real-time face detection and tracking application using Haar Cascade classifiers and OpenCV image processing pipelines.

TECHNICAL SKILLS

Languages: Python · Java · C · SQL

ML / AI: Supervised Learning · Deep Learning · Computer Vision · NLP · Random Forest · SVM · KNN · Decision Trees · Logistic Regression

Frameworks & Libraries: TensorFlow · PyTorch · Scikit-Learn · OpenCV · NLTK · Pandas · NumPy · Streamlit

Tools & Platforms: Google Colab · Git · GitHub · SQLite · YOLOv8 · Three.js

SOFT SKILLS

Problem Solving · Team Collaboration · Communication · Leadership · Time Management · Critical Thinking · Adaptability

LANGUAGES

English · Malayalam · Hindi · Tamil (Basic)
